Dear Valued Patient,

I have been scaling back my practice these past few years. *Now, after much consideration, I have decided to retire from active practice as of January 1, 2022.*

The past 40 years have flown by. I lived my dream of doctoring while building Pima Dermatology into a full-service center of excellence, providing the highest-quality, compassionate care in a state-of-the-art facility.

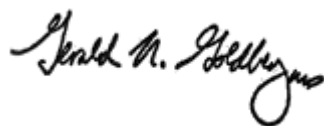

I have found these years very fulfilling and am grateful to have had the privilege of being your dermatologist; I am humbled by the trust and support you entrusted in me. I will miss the many interactions and lovely moments we shared over the years. It is a true honor that you have allowed me to make a small difference in your quality of life and well-being.

An exciting new chapter awaits. I am exploring a number of options to continue some of my teaching, mentoring, and research in the Dermatologic Laser niche in which I have been very active over the years. And, of course, I look forward to more time with my family, more time to travel, and more time with my cameras!

Lastly, I have worked with, mentored, and trained many of our staff over the years. I am confident they will continue to provide you with the excellence in care you have grown to expect. I leave you in the very capable hands of Dr. Matthew Beal and Dr. Sarah Schram, as well as our stellar team of caring professionals. *Please contact us at 520.795.7729 if you have any questions about this transition.*

I want to extend to you and your family all the best in your future endeavors – and wish you great health and happiness in the years ahead.

Sincerely,

Gerald N. Goldberg, MD
